

Senior Workshop: Scam Prevention

Chestnut Hill Developments
Recreation Complex, Pickering

We came together to share, learn, and look out for one another because staying safe is something we do as a community!

On June 17th, DRES and U+ Community hosted a Scam Prevention Workshop at Chestnut Hill Recreation Centre. We were joined by three wonderful attendees who already had great knowledge about staying safe, sparking a rich discussion on personal experiences and tips for protecting ourselves from scams.

A huge thank you to Elaine from the City of Pickering for the refreshments and partnership, and to our attendees for their openness and wisdom. Each senior went home with a gift from DRES and U+. We look forward to more workshops like this across Durham Region! ❤️
